

Starting "RESTORE" for "Account" "douglas911".

Calculating disk space needed ...

Done.

Target "/home/douglas911" on host "elimeserver.elimesdesign.com" has 855.34 GB free and requires at least 532.91 MB free, which includes space for temporary files.

Target "/home/douglas911" on host "elimeserver.elimesdesign.com" has 60,750,355 inodes free and requires at least 26,354 inodes free, which includes space for temporary files.

The system will move "/home2/douglas911" to "/home/douglas911".

The system will catalog files owned by "nobody" in "/home2/douglas911".

The system will copy data from "/home2/douglas911" to "/home/douglas911" using multiple "rsync" executions.
